The class that we had attended was indeed a one to be cherished. We were able to complete our mission to accumulate all the knowledge. But we believe that by now we are not who we are before. Now our path has been enlightened. To proceed with our career.

APPOLO ACADEMY is one of the best teaching place where people are exposed to many new things. Each time when I go to that place they make my day incredible by teaching me many things. The faculties out there are exceptionally great. It is the right place where the students get the best learning experience.

# INTRODUCTION

## WHY US?

### PIONEERS THEN; LEADERS NOW!

Appolo Academy is a unit of the Appolo Study Centre, one of the pioneers catering to the educational needs of the students from class 8 to 12. Launched in the year 1992, our institute has been serving students for about a quarter century now. Being a part of the Appolo Study Centre, the Appolo Academy has been successfully offering Entrance Coaching services exclusively for NEET, IIT JEE, NATA and all other Engineering and Medical Entrance.

## WHAT MAKES US STAND OUT FROM THE CROWD?

- We are equipped with the right infrastructure, dedicated faculty, and years of extensive experience in the field.
- Our coaching makes our students perfectly entrance exam ready.
- We lay the groundwork for the higher secondary coaching program by beginning our coaching well in advance with our special foundation program for class 8, 9 and 10 students.
- Till date, Appolo Academy maintains its record by having delivered excellent academic results. Our alumni stand as living witnesses to the fact that we are the best entrance coaching centers in TamilNadu.
